INNERCITYTENNIS

Whether you're a first time beginner or an advanced veteran, we have a tennis program suited for you!

Our philosophy is that tennis should be both challenging and fun. That means that all of our adult classes are designed to challenge you to learn and improve at a pace that fits your ability. In short, we want to help you move up a level or two while you're with us.

It also means that we strive to make it fun! Our experienced coaches go beyond barking out dry commands to "watch the ball" or "bend the knees." They know how to make the learning experience enjoyable by incorporating instruction into fun games and drills that keep you moving and hitting lots of balls while you're learning. We want to give you a great workout every time you step on the court.

To get started, simply sign up for the program that best fits your skill level and schedule. If you're a beginner, we'll start with all the basics and teach you the proper grips and strokes, including the forehand, backhand, volley, overhead, serve and return. You'll also learn to rally and keep score. Eventually, we'll help you learn the basics of playing singles and doubles matches.

For more experienced players, we offer drills throughout the week at times that fit most schedules and skill levels. If you don't know where you fit, just read the rating descriptions on the Skill Level page of this brochure, or ask an ICT pro to evaluate your play. Remember, we

want you to be challenged, so don't hesitate to ask for help signing up for the right class or drill group.

Finally, you can take satisfaction in knowing that every time you play tennis with us, you are supporting the InnerCity Tennis mission to provide free tennis and life skills training to kids who otherwise would not have the opportunity to learn and play this great sport. You can read more about the far-reaching impact of InnerCity Tennis on the back page of this brochure.

We provide the professional instruction, facilities and a learning environment that is always challenging and always fun. All you need is your racquet and a commitment to improve.

See you on the courts!

PLAYER LEVELS/MISC

Adapted for InnerCity Tennis from the U.S. Tennis Association's NTRP rating system.

BEGINNING PLAYER

1.0 – 1.5 Has no or limited tennis experience and is still working primarily on getting the ball into play.

2.0 Needs on-court experience. Has obvious stroke weaknesses but is familiar with basic positions for singles and doubles play.

2.5 Learning to judge where the ball is going although court coverage is weak. Can sustain a short rally of slow pace with other players of the same ability.

BEGINNER - INTERMEDIATE PLAYER

3.0 Fairly consistent when hitting medium-paced shots, but is not comfortable with all strokes and lacks execution when trying for directional control, depth or power.

INTERMEDIATE PLAYER

3.5 Has achieved improved stroke dependability with directional control on moderate shots, but still lacks depth and variety. Starting to exhibit more aggressive net play and has improved court coverage.

4.0 Has dependable strokes, including directional control and depth on both forehand and backhand sides on moderate shots, plus the ability to use lobs, overheads, approach shots and volleys with some success. May be starting to master the use of power and spins (though tends to over-hit difficult shots) Rallies may be lost due to impatience.

INTERMEDIATE - ADVANCED PLAYER

At InnerCity Tennis, we believe that every kid needs and deserves a coach-mentor, the encouragement of a team and a welcoming community. For more than 65 years, we have offered programs that use tennis to tap into the deep potential within each child through no-fee and scholarship-eligible youth programs. Tennis is the vehicle that draws the kids in and provides a pathway to success in school and life. Our on and off court programming is designed to improve the physical health, social/emotional skills, and character of our participants, while helping to close the gap on health and educational disparities for underserved kids in Minneapolis.

Mission

We develop and unleash the potential of youth on and off the tennis court by engaging and serving a supportive community.

Our Youth Programs

We offer programs to increase access to this lifelong sport in schools and neighborhood parks throughout Minneapolis, and ICT's tennis center programs give underserved youth and families the chance to try tennis in a remarkable facility. Our comprehensive programming includes everything from no-fee, one-time drop-in programs to intensive training for players with the talent and drive to become elite high school or college competitors. There is an entry point and pathway to success for each child who steps on the court.

Kids We Serve

Each year we reach over 5,000 young people, ages 3 to 18, including at-risk kids, children of color, children from low-income families and children diagnosed on the autism spectrum. ICT attracts diverse families from all over the city, and our no-fee programs and scholarships ensure that our programs are available to all children regardless of financial circumstances.

Engaging Our Tennis Community

Our broader tennis community of adults provide invaluable support for our youth development programs through their volunteerism, donations and partnership. Together with our staff and teaching professionals, adults who participate in ICT programming "play with purpose," in that they help provide a supportive and caring community for the youth we serve.

Support Us

As a social enterprise, InnerCity Tennis is a non-profit, mission-focused, tax-exempt (501c3) organization that delivers both financial and social returns to further its mission. Our tennis center, together with the contributions of our generous donors, provide the critical financial support needed to deliver ICT's life-changing programs for youth.
